The decision to purchase new hymnals is a significant one in the life of a congregation. Here are a few ideas for paying for this important resource:

- Invite individuals and families to purchase single copies in honor or memory of loved ones. This has historically been an easy and fast way of raising the necessary money. The PPC will supply offering envelopes for use in a fundraising campaign. ([See the Order Form](#)).
- Build this expense into the annual stewardship campaign.
- Host an evening "Sing for Your Supper." Sell tickets for dinner and a congregational talent show, a hymn sing, or a special performance by the choir. Publicize within the local community.
- Sell the current hymnals to congregation members for a minimal cost.

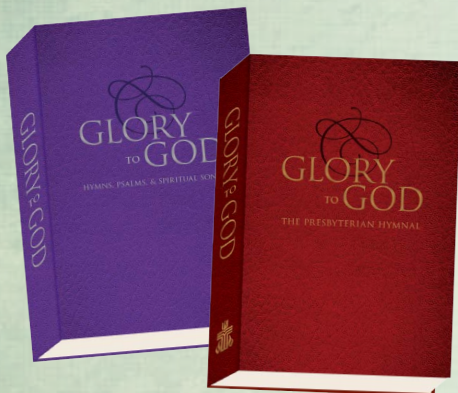

Plan to retire the current hymnals with a short liturgy in worship one Sunday.

See the "Resources" tab on our Web site. The hymnals accompanied your congregation on many important days.

It is often appropriate to return dedicated hymnals to their original donor.

Plan a celebration once the new hymnals arrive. Sing melodies, use lyrics in devotions, and encourage their usage in all aspects of congregational life.

Be sure to write thank you notes to donors! Bookplates for dedicated hymnals are also available.
